FOREST FIRES IN COUNTY

Fierce forest fires, which have raged over the entire State during the past week, also took heavy toll of fine timberland in McKean county and in the vicinity of Smethport.

In Norwich township, on the Homemann estate near Crosby and at other points near Betula and at Straights, there was great damage done before the firefighters succeeded in checking the flames.

The owners of timberlands are viewing with alarm the loss sufferes during the past weeks, as it appears to them that no matter what precautionary steps they take to prevent forest fires, they are on an increase, rather than a decrease of actionable degree.

Harrisburg, May 2.—Major R. Y Stuart, Commissioner of Forestry has issued the following statement concerning the forest fire situation:

"A considerable number of forest fires are now being reported to the Department of Forestry. The Department's organization and co-operating agencies are actively at work doing all they can to prevent fires and to extinguish promptly the ones which occur. Material in the forest is now so dry that any fire started may assume serious proportions in spite of the most efficient methods used in reaching and attacking it. Every citizen of the State is earnestly requested to avoid the use of fire in the woods so far as practicable. If fire is necessary, the utmost care should be exercised in its use.

Forest fires in Pennsylvania are practically all of human origin, and consequently are preventable. The loss they occasion is a needless waste to the citizen and the State. I hope that every Pennsylvanian will recognize the duty of good citizenship by co-operating in all ways by which he can put an end to them.

ORDINANCE No. 107.

AN ORDINANCE expressing the desire of the corporate authorities of the Borough of Smethport to increase the bonded indebtedness of said Borough in the amount of $4500.00 for the purpose of assisting to defray the cost of an eighteen (18) foot reinforced concrete roadway, including grading and drainage on West Main Street between the present end of the brick pavement and Mayo's spring, and on Mechanic street between Main street and Bank street.

SECTION 1. Be it enacted, etc., that in accordance with the Act of Assembly of April 20, 1874, and its supplements, the corporate authorities of the Borough of Smethport hereby express their desire to make an increase in the indebtedness of the Borough in the amount of $4500.00 for the purpose of assisting to defray the cost of an eighteen foot reinforced concrete road way, including grading and drainage on West Main street between the present end of the brick pavement and Mayo's spring, and on Mechanic street between Main street and Bank street.

SECTION 2. That the question of thus increasing the Borough's indebtedness shall be submitted to the electors of the Borough of Smethport at a public election to be held at the place provided by law for the holding of municipal elections in said Borough on the 14th day of June A D. 1922, for the purpose of securing the assent of the electors thereof to such increase of indebtedness.

SECTION 3. That the Burgess of Smethport give notice according to law of the time and place of holding such election, which notice shall contain a statement of the amount of the last assessed valuations of the taxable property for Borough purposes; the amount of the existing debt, the amount and percentage of the proposed increased and the purpose for which the indebtedness is to be increased.

Enacted this 1st day of May, 1922.

W. H. HUNGERFORD,
President of the Council.

Attest:
F. H. BIEVER, Secretary.
Approved this 1st day of May 1922. D. M. BRASTED,

FINE SCHOOL RECORD

The following pupils of the Crosby Grammar School, taught by Miss Velma Wilcox were perfect in attendance and were not tardy a single day during the year:

Viola Bloomster; Virginia Bloomster; Minnie Swanson; Irene Pixley; Nellie Edmunds; Hylda Garner; Edith Taylor; Erma Bloomster; Grace Lindholm; Kenneth Tarbox; Milton Landan and Edward Taylor.

AUTO ACCIDENT AT FARMERS VALLEY TURN; NONE HURT

A collision between a truck owned by P. B. Colgan, the Eldred contractor and a car occupied by Mr. and Mrs. William Knowlton, of Warren, Pa., at the Farmers Valley turn on Sunday, resulted in serious damage to the latter machine.

Damage to the touring car consisted of a bent rear wheel, fender and running board.

Mr. and Mrs. Knowlton were here visiting their daughter, Mrs. C. W. Lillibridge, and were on their way to Bradford at the time of the accident. The truck was but slightly damaged it is said. No one was hurt.

SUNDAY PAPERS TO BE DELIVERED BEFORE NOON

Another step forward is to be made by Miss I. E. Gabriel, the hustling and progressive proprietress of the newsstand, by the delivery of Philadelphia and Pittsburg Sunday papers into local homes by 11 o'clock each week. These papers have been arriving late in the afternoon to the inconvenience of the local subscribers.

Miss Gabriel intends to have the papers thrown from the train at Lagabee and brought here by auto. In this way, all the residents along the route will be enabled to get papers, and the townspeople may get theirs at ten o'clock by going to the newsstand or an hour later by delivery.

Other papers will come late in the day as usual.

ELECTRIC LINE CONSTRUCTION WORK TO START

Construction work on the electrical line between Smethport and and Mt. Jewett will begin next week with Edward Gallagher, of Olean, in charge of the work. Mr. Gallagher, in fact, has already started marking the locations for poles, the holes for which will be dug by the force of men who will start work during the coming week.

In addition to the ornamental lighting posts which had been planned to extend from the Wright House to the residence of T. H. Morrison up town there is to be an extension of the "white way" on West Main Street from Church to High street. This has been brought about by the subscription of the property owners in the block to a sum of $160 each.

LORDS DAY ALLIANCE ENDORSES HON. CATLIN.

To the Editor of The McKean County Miner, Smethport, Pa.

Dear Sir: — It has been our custom for years to let the voters of the various Districts throughout the State know of the conduct of their Representatives in the Legislature that they may intelligently decide whom they should support for the next session.

Hon. Charles W. Catlin of Port Allegany was a member of the Legislature of 1921 from McKean County and we are informed is a candidate for nomination to the session of 1923. Mr. Catlin favored all legislation protecting the Sabbath Day, supported the Martin Enforcement Bill and stood for everything of a moral character.

Mr. Catlin's Legislative record is a credit to McKean County, and as such men are needed in the coming session I trust that all the voters of your District who stand for good legislation will rally to his support and see that he is nominated and elected to the Session of 1923.

It is a pleasure to say these words of commendation concerning your faithful Representative.

Very truly yours,
Rev. W. B. Forney,
Assistant. General Secretary.

CROWDS SING OLD SONGS HERE

Following out the proclamation of Governor Sproul in appointing the first week of May as Music Week, the citizens of Smethport and vicinity, gathered at the Court House on Tuesday evening to have a "community sing."

The affair was sponsored by the Travelers Club with the Travelers Club Sextette of which Mrs. Scott F. Redfield is chairman in charge of the arrangements. The numbers were announced by Principal Stanley Bright and the choruses with the exception of the school choruses were lead by Dr. H. L. McCoy. Mrs. Stanley Bright was the leader of the school choruses with Miss Leonore Lemmler as accompanist, while Sidney Burdick played for the general chorus singing and Mrs. M. M. Pomeroy for the Sextette numbers.

Each number was a great success and the entire program was greatly enjoyed by one of the largest audiences ever gathered together in Smethport.

The program opened with the singing of the Star Spangled Banner by the audience. Then other numbers in which the audience joined were Annie Laurie; My Old Kentucky Home; The Long Long Trail; Pennsylvania and Onward Christian Soldiers.

The splendid singing of these proved conclusively that Smethport people are musically inclined.

A group of children from the upper grades sang "America The Beautiful," and "Under the Stars and Stripes," very delightfully while the High School Girls chorus sang "The Little Dustman" and "The Gypsy Trail" in a most pleasing manner.

The church choir with Mrs. John Cather and Miss Ellen Hallstrom as soloists, rendered "Praise Ye the Lord," and "Pilgrims of the Night," in a most inspiring and impressive style.

The Travelers Club Sextette which is composed of Mesdames. S. F. Redfield, F. T. Hungiville, Charles Bosworth and Lincoln Green greatly delighted the audience with their two numbers "In May" and Kiplings "Recessional."

Miss Emily McCoy who is an accomplished pianist played Staub's "Sons Bois" and "Juba," and Mrs. John Cather sang "Haymaking" in her usual charming manner while the hearts of all were touched by the rendition of Love Divine, all Love Excelling by Dr. H. L. McCoy and his granddaughter Miss Grace Olmstead.

The piano used for the occasion was supplied by St. Luke's Parish House.

MR. AND MRS. TOM MORRISON IN ACCIDENT

Bradford, May 1.—Mr. and Mrs. Tom Morrison of Smethport, and party, had a very trying experience when the Morrison's Marmon touring car, in which they were riding went into a deep hole a ongside the trolley tracks at Irvines Mills, last night.

Mr. Morrison was driving his car on the cross road from the Carrolton road to the state highway and evidently supposed that the highway laid the other side of the tracks, as many have thought before him. Anyway, his car landed in a place about five feet in depth, but fortunately right side up and no one was injured. The car landed on a pile of old ties and it was with difficulty that the otherinotorists extricated the Morrison machine. Many automobile parties soon became aware of the accident and hastened to the assistance of the party. Mrs. Morrison was able to drive his car home on its own power.

This is a very dangerous point and it would be well if a fence were placed around the holes for when a motorist drives up the incline to the tracks his lights do not light the roadway and it is impossible to see which way to go, especially for one who is not familiar with the road. A number of Bradford people have nearly had the same experience that the Morrison party had.

BISHOP WARD PREACHED TWICE HERE SUNDAY.

Bishop John C. Ward of the diocese of Erie, paid an official visit to St. Luke's Episcopal church this week end. On Saturday, he was entertained at dinner by the members of the vestry and their wives. He preached two inspiring sermons, to large congregations on Sunday and confirmed a large class at the evening services. On Monday afternoon he held a conference for women, and one for men in the evening. Bishop Ward was the guest of Rev. and Mrs. W. E. VanDyke during his visit.

FARMER'S THREE CHILDREN AND HOME BURNED.

Keating Summit, Pa., April 28.—Three children of Arthur Smith were burned to death when his farm house near Keating Summit Pa., was destroyed by fire early this morning. Smith was severely burned in an attempt to rescue the children.

The dead are: Helen, seven years old; Ray, four years old, and Doris, 18 months old.

The fire started while Smith and his two oldest boys were in the barn feeding the livestock. The four-year-old boy is reported to have called for help but was misunderstood and obeyed when told to return to the house.

MARIENVILLE NEARLY WIPED OUT BY BIG FIRE.

Kane, Pa., May 3.—Two large factories, six dwellings, a bank, store and motion picture theatre were destroyed by fire which started last night and which early today threatened to wipe out the village of Marienville, near here.

Fire Chief William Hines, of Kane was injured when a large fire truck upon which he was riding upset, Kane is 25 miles from Marienville. Owing to the confusion in the town, no estimate of the loss is available.

The fire started last night at 11 o'clock and originated in a room on the second floor of the Gold Standard National Bank building. The room was used by the Red Cross during the war, but had not been occupied for a long time, so that the cause of the fire is a mystery.

The fire wiped out the bank building, which contained the grocery store of E. C. Kieter, the Lyric theatre, office of Dr. Johnson, chiropractor, the Marienville Express newspaper office. Also destroyed was the bottle plant of the Marianville Glass Company.

The residence of Mrs. Carrie Gilbert was burned, also the warehouse of the Mensch Hardware company, loss $10,000; the home of Mr. and Mrs. Nye, the home of Mrs. William Mucklestresh, the Mecham coal yard and building supplies. The glass company alone suffered a loss of at least $40,000 and it is estimated today that the total loss to the town will amount to considerably over $100,000. The population of Marienville is about 800.

William L. Heim of Kane, and a party of other residents of that place while going to Marienville in the Heim car, met with an accident in which the machine turned turtle. All were slightly injured. The party included Chief Valentour of the fire department. He was able to be out today. His injuries were only minor ones.

TELEPHONE NOT COSTLY

The telephone has become so familiar in the United States that it is impossible to conceive how business and social life could be carried on without it. Nevertheless, recent income investigations of the National Bureau of Economic Research indicate that the people of the United States as a whole pay considerably less than one per cent of their national income for telephone service.

CHILD BREAKS LEFT ARM AS RIGHT ARM HEALS

Misfortune came doubly to little Charlotte McKendrick, daughter of Mr. and Mrs. Charles McKendrick in the form of broken arms during the past week.

She fell off of a swing at her home several days ago, and fractured her left arm, a day or two after her right arm had been released from a sling.

The previous injury had been caused by falling while roller skating. Dr. Chadwick is attending her.

BIG RAILROAD STRIKE ON THE KUSHEQUA LINE

Adopting a course which they say is the only one left open to them, the entire working force of the Kushequa railroad—three—have expressed their unwillingness to continue working unless they are given their wages, which were due them last Tuesday, the day the "strike" was called.

Apparently no satisfactory arrangements could be reached between the employees and the president of the road, Mr. Elisha Kane, and as far as can be ascertained the striking men are going to stay away from work until their money is in sight.

COUNTY DETECTIVE MADE INQUIRIES.

County Detective, J. J. Allison of Smethport was in the city yesterday investigating several matters, including the case of H. A. Eschelman who will have a hearing tonight or tomorrow morning on a charge of attempted assault on a 11-year-old girl. This hearing was to have been held yesterday afternoon, but was postponed at the request of the attorney who has Eschelman's case in hand.

The county detective also made some investigations regarding the alleged activities of a gang of boys who are alleged to have started fires in the woods recently and to have been responsible for the destruction by fire of two small tanks of oil on leases near here. He did not make known the result of his inquiries, but it is surmised that he has a clue to the identity of the boys.

Mr. Allison also made inquiries concerning the automobile collision on the state road Sunday night.—Kane Republican.

LEGION BODIES JOINT MEETING

A joint meeting of the Women's Auxiliary and Bucktail Post with many features and important transactions was held on Monday night at I. O. O. F. hall.

Among the important plans made were those for the Memorial Day celebration and for the annual carnival.

Dr. W. A. Ostrander was appointed marshal of the Memorial Day parade.

Five members of the High School senior cuss put on a pleasing entertainment, "A Little Mistake," in the cast were Kenton Abbey, Misses Rosa Provin, Charlotte Spanogle, Mary Haven and Marie Tanner.

Several selections were given by a double mixed quartette composed of the following: Ellen Hallstrom, Ella Johnston, Dorothy Hogarth, and Ostrid Johnston; Messrs. Albert Johnson, Paul Hallstrom, W. A. Brownell, and Norman Bermingder.

It was also decided that a medal for Americanization be given each year to that member of the eight grade at the high school whose qualities of scholarship, athletic ability, manliness, etc. entitled him to the permanent possession of the medal awarded.

W. A. Brownell resigned as adjutant of the post, and Nell Holder was appointed as his successor.

Plans for the carnival included the first night to be devoted to a vaudeville program under the direction of Mrs. H. C. Wells. It will be entirely different from that of last year. The second night will be made up of a masquerade ball and other features. There will be booths of various nature in the hall. The price of admission to the hall the second night will be fifty cents, and 77 cents for each person who dances.

MRS. ARTHUR McDERMOTT.

Mrs. Arthur McDermott died at the Buffalo General Hospital on April 27, following an illnes of over two years, during which time she underwent several severe operations. The deceased was 25 years old, and was a war bride, having been acquainted with Mr. McDermott at the time he served in the Navy in the World War, and was stationed at New Orleans. The couple were married at that place, and upon the husband's discharge, they came here.

The funeral services were held at St. Elizabeth's Catholic Church Monday morning at requiem mass celebrated by Rev. Father P. J. Donohne. Burial was made in the Rose Hill cemetery.

Besides the husband, the survivors are the father, three sisters, and two brothers all of whom reside in Louisana.

The following out-of-town persons attended the funeral:

Mr. and Mrs. William Broughton, Red Rock; Mr. and Mrs. John Anderson and daughter, Ruth, Mr. and Mrs. Charles Kibbe, Misses Mary and Tillie Hazen, of Bradford, Mr. Riley Broughton, of Fort Porter, Buffalo.

"Life's Little Disappointments"
(By Rob McAllister, Secy of Colport Stamp Club.)

"I specialize in Mexico;
If you've got the stamps, I'll spend the dough,"
Ran a new collectors letter.
Bobbie smiles, What could be better?
I dig out each new variety,
All covers in entirety,
Some pairs, inverts and blocks of four,
All oddities and shades galore.
I mark them net at prices fair
For stamps so fine and really rare.
I send them off by U. S. Mail.
And sit back waiting for my kale
I wait and wait and wait some more
And pace up and down the floor;
Ah, No you're wrong, they were returned,
But hopes of dough were seared and burned;
Each stamp was in its little place
I forgot to say my grace.
A letter said "They sure is nice.
But price limits are my price.
Send some stamps with pictures on 'em.
I then used words round and ripe
But as the "Miner" hasn't any asbestos type.
You'l have to guess and guess and guess
Just what I said in My distress.

U. S. BOYS WHO SERVED WITH ALLIES GET PREFERENCE.

Washington, D. C. April 30, 1922 Under a ruling of the United States Civil Service Commission today, citizens of the United States who served in the forces of the Allies during the World War will be given preference in appointments to civil service positions. Heretofore, the preference has extended only to those who served in the American forces, or their widows, and to their wives under certain conditions.

In authorizing his extension of the preference, the Civil Service Commission states that consideration is given to the fact that service in the forces of the Allies was in a common cause, and for a considerable time under a common commander in chief; that is, after March 29, 1918, when Marshal Foch was placed in command of all the allied forces.

TRUTH ABOUT MR. PINCHOT

Harrisburg, April 28.—With the disclosure by Senator E. H. Vare of the fact that Gifford Pinchot while posing as a "reformer" and riding the state against the "system" in Crosby list of present Governor Sproul's administration as wasteful and extravagant, was himself granted the biggest increase of the department heads, wheedling more than a million dollars more out of the Legislature for his department last year than it previously had, as a result of an increase of only $40,000.00 in Banking Commissioner John S. Fisher's department, and only $1,500 increase in Attorney General Alter's department, a re-action has set in against the Pinchot candidacy.

This has been intensified by the discovery that Pinchot had his own salary increased 60% at the same time and then to evade the constitutional provisional forbidding the increase of officers salary during his term, resigned, and had Sproul reappoint him, so that he might rake off $3,000 more each year from the State Treasury.

Born in Springdale, Allegheny County, Pa., May 8, 1868, lived there all his life, father, Elias Alter was direct descendant of Hans Graf, who settled in Lancaster County in 1696. George E. Alter attended Springdale public schools, clerked in a store, worked on a farm, learned stenography, worked for an architect, secured job as stenographer in office of attorney William Yost, Pittsburgh, read law, admitted to Allegheny County Bar December 16, 1893, practiced law in Pittsburgh since that date, member of the House of Representatives three sessions; 1909, 1911, 1913, was Speaker of the House during 1913 session, submitted his candidacy directed to the members of the House, was direct descendent of Hans Graf, with two judges was member of commission to codify and revise law of decendents' estates, Legislature in 1917 accepted commission's report without change in 1919 was appointed member of commission on Constitution Reform, served throughout that body's sessions, was named Attorney General in December, 1920, succeeding W. I. Sechaffer, was named by Governor Sproul without having been candidate for the appointment, is member of Allegheny County, Pennsylvania and American Bar associations, member Springdale Methodist Church, for 34 years has been member of its official board, taught one bible class in the Sunday school for 32 years, has been president of Springdale school board, first president Springdale Council, married Miss Diana Swanton, they have four children, he made the first speech in Pennsylvania Legislature for Workmen's compensation, sponsored many important measures, presented the law under which Allegany county erected the Boys' Farm School at Thornhill for boys committed by Juvenile court, presented the law creating new Western Penitentiary in Center county, helped pass Mothers' pension act in 1913, also Women's Labor law, same session, joined earnestly in effort to pass Child Labor law, 1913 session, is president of Parting of the Ways Home, Pittsburgh, Which cares for men released from prison, finds them jobs, chairman of Allegheny Valley district of Boy Scouts, is a Pennsylvanian, knows Pennsylvania.

FLAPPERS OF ALLEGANY IN HIGH SPIRITS.

Allegany, April 25.—At last, after close study of the matter over the week-end, Town Clerk Charles L. Norton, has found a way whereby, he as town clerk, could have a marriage license issued to himself and an Allegany bride.

Following publication in The Herald last week of the years in which he has issued marriage permits to others, while unable under the law to issue one to himself, he got busy to solve the problem. The sticking point was that the license has to be issued by the town clerk of the town where the bride resides and an official cannot issue one to himself.

Being too loyal to go outside for a bride, Charles has stood by his home town and its girls and remained single.

Since the publication of his dilemma, friends have even suggested efforts to get a special enabling act, passed by the state legislature, whereby he might be allowed to issue himself a permit for the "happy ever afterward" stuff.

But Charlie has solved it. It is like this.

Under the law he may swear in a deputy town clerk, who can issue the license, pocket the town clerk's share of the fee as an inducement, automatically lose his new job and there you are!

Charlie could still be town clerk, and happy though married.

Now the Allegany girls can get busy.—Olean Herald, April 25.

IMMERSED IN ICY WATER A HALF HOUR.

Erie, April 25.—Policeman William Thornton rescued Edword Mahoney from drowning in the bay shortly after 1 o'clock this morning.

Attracted by the man's cries, Thornton, who was patrolling his beat in Lakeside yard, ran to the dock of the Keystone Fish company in the east basin from whose tug, Venus, Mahoney had fallen.

Mahoney had been in the water nearly a half hour before his cries attracted help. Chilled by the icy temperature of the water and weakened by his struggle the man was on the point of giving up when the policeman came to his assistance.

Hamot hospital ambulance was called and Mahoney taken there. At the hospital he is said to be in a serious condition, with pneumonia as a possible complication.—Kane Republican.

LITTLE BOY BITTEN BY A VICIOUS DOG.

Kane, Pa., April 26.—Frank, the four-year old son of Mr. and Mrs. John Alentour, was bitten by a poodle dog, yesterday afternoon while playing in the yard at their home, on Field street. The dog ran into the yard and attacked the boy, biting him about the face, inflicting one bad wound along with several smaller ones. A local physician was summoned to dress the wounds. The owner of the dog was informed soon afterward.

Usually in case of this kind the dog is killed and the head sent to the state medical department where an examination is made to determine whether the animal was suffering with rabies and it is presumed that similar action will follow in this case.

BRADFORD WOMAN DIES FROM BURNS.

Bradford, April 25.—The burns which Mrs. Mary L. France suffered Sunday when her clothing caught fire from an open stove, resulted in her death yesterday at 3:30 p. m. at the home of her daughter, Mrs. William Lewis, with whom she made her home.

Mrs. France was 80 years old having been born in Great Valley, N. J., January 5, 1842. She had been a resident of this city for the past 20 years. Surviving are two daughters, Mrs. C. Cora Aldrich of Red House, and Mrs. Pearl Lewis of Bradford; one son, Charles France of Red House, and two sisters, Mrs. Celia Hughes of Philadelphia, and Mrs. P. M. McClellan of Titusville, Pa., The interment will be made at Red House at a time to be announced later.

Mrs. France was burned Sunday afternoon when her clothing caught fire from an open gas stove. Mrs. France, who is 80 years old, lived at the home of her daughter, Mrs. W. P. Lewis. The accident occurred about 3 o'clock while Mr. and Mrs. Lewis were making a brief call at the home of a neighbor just across the street. Mrs. France ran outdoors with her clothing ablaze, and Mr. and Mrs. Lewis and several neighbors rushed to her aid. She was very badly burned before the flames could be extinguished. It was found that Mrs. Frances' chest, back, arms and face were severely burned. Because of the large area by the burns and the age of the victim, the injuries were fatal.—Kane Republican.

INQUEST HELD OVER MURDERED ITALIAN.

Warren, April 25—The coroner's inquest into the death of Petro Frontero, the Italian whose dead body was found on the tracks of the Pennsylvania railroad near the Tidewater pump station at Weldbank three weeks ago, was concluded last night at the office of Coroner Chapman, the verdict of the jury being that Frontero came to his death from gunshot wounds, inflicted by a party or parties unknown to the jury. The jury was composed of G. C. Mahaffey, Emmett Lacy, John Erishson, Charles Gordon, W. A. Walker and C. A. Berger.

A number of Italians, all friends and acquaintances of the murdered man, were called as witnesses, but they were unable to throw any light as to the identity of the murderer.

Frank Grifarri, whose sister was the murdered man's wife, was the first witness called, he testifying to having seen Frontero on Saturday morning, the day the man was killed, and of Frontero telling that he was going to take a trolley car. It was also brought out from this witness that Fronterro had a wife and children living in Italy.

Rocco Grosoff, of Kane, testified that at the time of his death Frontero owed him $250 that had been borrowed at different times. He loaned Frontero $200 on December 15th 1921, and in March, 1922, he made the man another loan of $20 and on March 29th, he loaned him $20 when Frontero stoped off in Kane on his way home from New York City. This witness testified to the murdered man's pleasing personality and to his not being a trouble maker. He did not know of any enemies the man might have.

Tony Pellgero, a section foreman for the Central Pennsylvania Lumber Co., testified of Frontero having visited his home on the afternoon of the day he was murdered in company with Joe Mitchell. This was at about 5 o'clock in the afternoon and the two men left before 7 o'clock. Both had been drinking some, but were not intoxicated.—Kane Republican.

SEALSKIN COAT VALUED AT $800 LOOT OF THEFT

Upon returning to her home Pittsburgh last night, Mrs. Arthur McGregor found that her house at No. 44 Congress street had been entered by burglars and that a sealskin coat valued at $800 had been stolen. The only other article missing was an army blanket.

Mrs. McGregor immediately made a report to the police and Officer Scott Sherman investigated. He found evidence that the robbery probably was committed last Monday evening. On that evening a passerby noticed the door open and reported the fact to C. H. Denninger a neighbor who had been asked to "keep an eye" on the house while Mrs. McGregor was in Pittsburgh where she is having a new home built. Mr. Denninger went at once to the McGregor house and locked the door but did not inspect the interior.

It was discovered last night that the front door apparantly had been unlocked by the thieves with a skeleton key and that the marauders then had forced four locks on the second floor and searched several rooms. Nothing was taken, however except the coat and blanket.

Because of the trail being three or four days old, the police have no clue to identity of the thieves.—Bradford Era April 28.

POLITICAL ANNOUNCEMENT.
For Congress

NATURE PROVIDES.

The fields are being turned into glorious vistas of green grass and dandelion blossoms.

Down South the good folks are already reaping the harvest of these useful yellow blooms that make such excellent wine that white mule and raisin jack are almost forgotten. In the pantry of every home one finds an immense earthen jug filled to brimming with a mysterious concoction of liquid lusciously decanted by swimming pieces of lemon and bright yellow blossoms, reaped from the fields for the mere taking.

Ah, those good people know how to make good wines that tempt the dusty palate even when in a premature state. This is true to such an extent that some of the good housewives have to keep a close watch on their sponses to be conservative of the wine in the making.

Now, here in our midst, we see springing up glorious in our midst a supply of dandelions that far exceeds that of other years. It is a noticeable fact that can scarce be denied that more and more of these wild flowers are being seen as the years of prohibition drag slowly by. Aside from these delectable flowers the grape and the berries come on apace and there seems to be no very great dearth of the materials to produce rivals to the rye and bourbon and Schlitz of yore.

Gaze then on the wealth of yellow flowers, Mr. Volstead, —nature provideth, though you would denieth.

COMMUNITY SINGING.

On Tuesday night an impressive and singularly pleasing scene was enacted in the Courthouse when a vast and enthusiastic assembly joined in celebrating Music Week.

Such gatherings are good for a town, and there should be more of them. Why wait for a governor's proclamation to have them? Why could an event such as that just passed be held often?

Neighbors meet, and old friends too. In the grind of the regular business of life a certain forgetfulness of the existence of our friends frequently takes place. We begin to be tied to our homes in spite of ourselves. It takes an event of moment in our town to shake the lethargy from us and to bring us out into contact with those whom we know but neglect for things which confront us with seemingly great importance.

Public gatherings bring the people to a realization of a town's importance to them. They produce public spirited people by mingling all classes frequently and bringing all into closer communion. Let us have more community singing—often.

WRITTEN IN 1922!!!

Great Britain ought to be far more advanced than the United States with regard to the telephone. The American system has to overcome the same difficulties which confront this country in densely settled Massachusetts, New York, Illinois, etc., with their gigantic towns. Besides the Americans have to deal with problems with which we are unacquainted. Gigantic deserts and mountain ranges prove to be bridged by the wire, and the telephone poles in the wilderness are exposed to destruction on the part of *mangers, cats, bears*, etc. Besides they are often destroyed by violent blizzards with which we are unacquainted.—*London (Eng.) Evening Standard.*

SCIENCE IS SERVANT OF TELEPHONE SYSTEM

Physics and Chemistry Have Aided Engineers in Development of Art of Communications

American telephony is a monument to the practical value latent in research in the physical sciences. Many recent discoveries, for example, in the crystal structure of metals, in the properties of magnetic materials, and in the discharge of electricity through high vacua are being adapted in an ever-increasing variety of ways to render better telephone service.

Among the humanest features of the modern telephone plant which can be traced directly to physics and chemistry may be mentioned the telephone repeater which makes conversation over long distances possible, and which has permitted the use in many cases of fine wires of copper weighing 52 pounds to the mile as against 870 pound wires formerly used.

Another instance is the lead covered cable, which is proof against all storms and which holds within a sheath scarcely larger than a man's wrist as many wires as would be strung on forty large open wire pole lines.

There are also "carrier current" telephony and telegraphy, making possible the simultaneous transmission of four telephone messages or ten or more telegraph messages on a single pair of wires. By applying the principle of the carrier telegraph to the conductors within a cable and making use of the multiplex printing telegraph, which has recently been perfected, a single cable can, at a very conservative estimate, carry 48,000 telegraph messages simultaneously.

THE TELEPHONE

Dispels the distances, shrinks up the spaces,
Brings back the voices and the vanished faces,
Holds men together though the feet may roam,
Makes of each land a little friendly home!

The wires are everywhere,
The singing herves of the air,
Recalling cities, speaking for all hearts,
From door to door their whispered lightning shrieks,
Leaping the prairies, leaping hills and lakes,
Over the world their will-pervading flashes,
They stitch the farms and link the battle-lines;
They tread the Alps and down the Congo twine;

When a city man tells it is to realize that a St. Bernard, a pekinese, and a Skye terrier all three come from a common wild stock!

Man has been altering domestic animals of every kind for centuries past. He has taken the common pigeon and invented something like 60 distinct varieties, while hundreds of different sorts of fowls have come from the original jungle bird of Ceylon.

Curious experiments have been made in coloring birds by feeding them on certain foods. One man obtained pigeons of a beautiful red by putting in their food a chemical with the terrible name of "methyltrabromo fluoresine," and he got others of a rich blue by similar means.

Man is changing not only animals and birds, but also fish and insects. Take bees, for instance. Of course, various specific of bees are constantly crossed in order to get kinds that will produce a bee which shall be more useful for fertilizing flowers than any of the present sorts.

With object, certain breeders are trying to produce a bee with a longer tongue than any possessed at present. For theirs also clover such a bee would be invaluable, since the result would be a great increase of fertile flowers, and consequently, seed.

The latest branch of creation which man is tackling with a view to modifying is fish. The experiments were begun at the University of Chicago, about five years ago.

BIG NEWSPAPER BANGS BUNCOMBE

Philadelphia's Leading Journal Makes Critical Comment.

LAUDS ATTY. GENERAL ALTER

Says He Did Not Seek Nomination and His Entry Into Campaign Was Not Accompanied by Promises to Bosses. Wears No Collar.

Philadelphia, April 25.—The neatly-planned and cleverly-conceived anti-Republican organization formed with the object of making Gifford Pinchot the governor of Pennsylvania received a shocking setback the other day when the Philadelphia Bulletin, the leading newspaper of Pennsylvania and the second largest circulated newspaper on the American continent, said a few things editorially about the quality of "bunk" being put out to bolster the cause of the wild forester.

After commenting at some length on the action of the United States supreme court in affirming the legality

ATTORNEY GENERAL ALTER.

of the Women's amendment to the Brooks law and stating that the opinion of the highest court of the land was a notable compliment to Attorney General Alter, the Bulletin ran the following as editorial comment:

"As for the rest of the current discussion in the campaign, it is largely buncombe. It was an open secret that the support of Governor Sproul would have been warmly welcomed in the Pinchot camp. There was no concealment of the fact that Commissioner Fisher's managers were ignominiously pleading for the support of other factors now enlisted in the Alter candidacy. Even now, in the slipperiness of the early effort, the friends of Mr. Pinchot are dressing hows, one group denouncing the wickedness of political deals and gerrymandering alleged to have brought about the candidacy of Attorney General Alter, and another group shouting with glee because some of these wicked county bosses are threatening to turn on Alter as not to their liking, or of their kind, and to trans fer their allegiance to Mr. Pinchot.

"Mr. Alter has made the definite assertion that he is bound by no promises and the best confirmation of his word is the circumstance of his entering the contest. He did not seek the nomination. He had once refused to have his name used. He did not bargain for support because he did not have to. He was drafted at the last moment, in response to a determined expression of public opinion that other aspirants for the nomination would not do, and that the personal interests of the factions must be subordinated by the selection of a candidate whose personal worth and ability would command recognition. Under such circumstances a candidate wears no collar.

In Great Confusion.

This Bulletin editorial certainly threw the anti-Republican organization into a state of great confusion. Previously, they tried to have the dear public believe that every Philadelphia newspaper was standing behind them and that General Alter would receive no newspaper support in this city. How far wrong they found themselves can best be stated in the mere assertion that the Bulletin has more circulation than all the rest of the Republican newspapers of Philadelphia, and all Philadelphians know that it wields far greater influence than the other dailies combined.

The Bulletin, unlike other Philadelphia newspapers supporting the anti-Republican candidate, has no personal fish to fry, no grudges to even up and no ambitions to satisfy. It is just a newspaper that tries to give all the news without favor or color and does not permit itself, editorially, to run amuck with irresponsible statements, half-truths and reflections upon men who refuse to join the unstable element which would destroy the Republican party.

The day following the Bulletin editorial the news columns of that newspaper gave a column sketch of Attorney General Alter, stating among other things the following:

Resembles Lincoln.

"In some ways George Elias Alter, Attorney General of Pennsylvania and candidate for the gubernatorial nomination of the Republican party, reminds one of Abraham Lincoln.

"There is a vestige of the martyred president in Alter's appearance; there is a trace of analogy between the career of Lincoln and that of Alter, which began many years ago on a farm near Springhille, a suburb of Pittsburgh. It is probable nothing would please Alter more than to be considered, to some extent, the 'Lincoln of Pennsylvania.'

"For years the Attorney General has collected Lincoln literature and data, and has studied Lincoln' life.

"Physically Alter is notable. He stands six feet four and is proportionately broad. His arms are long and his hands are big and covered on the backs with hair. They look like the hands of a man who toils, big knuckled and the fingers thumb-tipped, but they are smooth and white.

Commanding Presence.

"His shoulders are slightly rounded and when he speaks, whether to one or many persons, his piercing greyish-blue eyes are fixed straight ahead. This characteristic, combined with his great height and the timbre of his voice, give him a commanding presence. During his service as speaker of the house at Harrisburg he easily quelled the most disorderly outbursts by softly talking with his gavel and booming: 'Remember, gentlemen, courtesy is the first rule of parliamentary practice.'

"His face is handsome and distinguished, in a rugged, virile way. His eyes are clear and his features even and finely chiseled. There is a humorous twist to the corners of his full lips. There are deep lines in his face and about his mouth that suggest the Lincoln lines caused, perhaps, by laughter or worry or both. His thick, curly hair, once sandy, is now changed to an iron-grey color, but his thick eyebrows are still blond.

"He dresses in dark, loose clothes and a big felt hat, all of which help to accentuate his size. This simplicity in dress, his friends say, is a simplicity which is an outcroppin of Alter's character, a straightforward spontaneity which refuses to be bluffed into hasty action and which seldom goes off on a false tangent.

"Alter has many friends in Harrisburg, where he has passed so much of his time during the years he has been in public service. He is probably the only attorney general who never closes his office door when he is at his desk. He still pronounces law 'aw' and stenography is 'steno-graphee.'

Son of a Carpenter.

"Alter, the son of Elias and Martha Alter, was born May 8, 1865. At that time his father was a carpenter and the family in modest circumstances.

"Alter worked on neighboring farms and on the land owned by his father while he was going to the public schools. 'Lengthy' George, as he was known to his schoolmates then, had the misfortune to grow into manhood with but little time to learn how to play.

"His education progressed no further than the eighth grade of public schools, and he obtained a position as stenographer and draughtsman in the office of an architect in Pittsburgh. He wanted to learn shorthand and studied assiduously until he had become expert.

"He then became a stenographer and law student in the law office of William Yost. On December 15, 1890, he was admitted to the bar.

"After prospering in the law Alter presently he is a member of the firm of Alter, Wright and Barron. To this day he has not abandoned his early training he forced upon himself in the mastering of shorthand, for he frequently makes his own notes in court.

"In 1902 he was married to Miss Diana Swanton, formerly of Springdale, but then living in Indianapolis. He has four children, Kathleen, 17, Frances, 8; George, 6, and David, 4. They are his chief delight and he never fails to speak of them when the subject of families is brought up. Three other children died.

"Alter's first step into public life was made when he became township auditor of Springdale. In 1905, the town developed and a city council was formed. Alter became its first president.

As Legislator and Speaker.

"He was first elected to the legislature in 1908 and the following year made his first appearance as a member at Harrisburg. He resigned as president of the Springdale city council and returned to Harrisburg in 1911 and 1913. In the session of 1913 he was speaker.

"In 1915 he was appointed on a committee of three to revise and codify the laws controlling decedents' estates. The other members of this committee were Judge Gest, of the orphans' court of Philadelphia, and Judge Baldridge, of the common pleas court of Blair county. Their work was approved by the legislature.

"Alter was made a member of the commission on constitutional amendment and revision of 1919 and 1920. In December of the latter year he was appointed Attorney General by Governor Sproul to fill the vacancy caused by the elevation of Attorney General Shaffer to the supreme court.

"Alter heard of his appointment over the telephone while he was recuperating from influenza in Atlantic City.

"One of the institutions in which Alter has always taken great interest and of which he is now president, is the Farmers' Fire Boys' Home in Pittsburgh. The object of this institution is to care for nine boys daily after their release from prison and until they can find employment.

"For the past thirty-four years Alter has been active in the work of the Methodist church of Springdale. He has been a superintendent of the Sunday school, is still an official of the church and for thirty-two years taught a men's class.

"He is a member of the Masonic order and the I. O. O. F., besides his home at Springdale, he maintains a cottage at Ocean City, N. J., where he passes each summer with his family.

ALTER GROWING STRONGER DAILY

Real GOP Citizens Aroused to Perils of Pinchotism.

EXPOSED AS SALARY GRABBER

Forester Circumvented Constitution by Resigning One Day and Receiving Reappointment Next Day in Order to Secure $2000 Additional Pay. Frequently Renounced Republican Party.

Philadelphia, May 2.—Republicans of Pennsylvania are enthusiastically rallying to the support of the candidacy of Attorney General Alter for the Republican nomination for Governor, and, it looks now as if Gifford Pinchot and the anti-Republican element of party wreckers who are endeavoring to place the unstable and demagogic forester in the executive chair at Harrisburg, are doomed to disappointment.

While he occupied the center of the stage, Mr. Pinchot, whose residence as a Pennsylvanian has never been firmly established, had a very attentive audience and was in a position to throw all kinds of brickbats at genuine Republicans, without much danger of a comeback. But now he finds things are different.

Real Republicans have awakened to the peril of Pinchotism and the grave danger that would beset Pennsylvania if a radical of the Gifford Pinchot type would by any accident capture the Governorship. As a result they are aroused to a fighting point and the Pinchot candidacy is daily growing weaker. In other words, we reckon this peak about ten days ago, and every effort he and his adherents have put forth has dismally failed to scare the Alter tide which is sure to drive the forester State Forester to the wilderness.

Favor Legitimate Republican.

The interior counties of the State now resent a growing sentiment for Alter and a corresponding weakness in the Pinchot forces. The outstanding and high character of the regular Republican candidate for the Republican nomination for Governor appeal strongly to the voters of the Republican party, and they show a disposition to have nothing to do with a man of the Pinchot type when they have a legitimate Republican like Attorney General George E. Alter to favor at the primary election on May 16.

The recent exposure of Pinchot's grab of $2000 extra salary while serving as State forester has disgusted a lot of Pinchot's followers, who are now openly for Alter. At the last session of the Legislature the salary of the State Forester was increased from $5000 to $8000. The Constitution forbids a state official receiving an increase in salary while he is in office. Pinchot decided to circumvent this clause of the Constitution by resigning his office and then re-taking a re-appointment in order to grab the extra salary.

Ever since the Constitution of 1874, different officials, state, city and borough, have endeavored to have their salary increased while they held their respective positions, but invariably they failed, as the higher courts have been very rigid in upholding the Constitution in such matters. Pinchot, however, took the chance by resigning and being reappointed, and thereby succeeded in getting $3000 more than he would have otherwise gotten.

Rich Man's Grab.

Philadelphia newspapers which are supporting Pinchot are amazed at this revelation, and it is noticed that their enthusiasm for him is not quite as strong now as it was before he was shown up in his true colors.

If Mr. Pinchot were a poor man, it is pointed out, there might be a slight justification for his unusual action in this salary increase transaction, but as it is generally known he is a man reputed to be worth ten or twelve millions dollars, and there was no excuse for his avariciousness and unbecoming official conduct and violation of the Constitution, regardless of what defense he may offer, and up to the press of writing he has practically made no defense.

A correspondent of the Philadelphia Record went so far one day last week as to say that the Pinchot business of resigning a $5000 job and accepting an immediate appointment to the same job at $8000 to get around the Constitution of prohibition of an increase of salary while in office, shows the man's real character, and the question is asked "Was this deal honest, was it decent, and upright?"

Declared Republican Party Dead.

It has also been discovered that since 1912 Mr. Pinchot has on two occasions virtually renounced the Republican Party. At a meeting in Pottstown in November, 1912, he made the following statement:

"The Progressive Party is no temporary party. Four years from now there will be just two parties in the field; one will be the Progressive Party; the other, will be the Democratic Party. The Republican Party will be dead."

This fanatical and foolish statement was not made impulsively, because two years later in a speech at Huron, South Dakota, Gifford Pinchot spoke as follows:

"The Republican Party is a thing of the past. Disloyalty to its traditions and its record, split into factions, contentious, unhappy, weak, it is seeking feverishly for help it cannot find. Its last days are upon it. I am through with the Republican Party for good and all."

In view of these two declarations by Mr. Pinchot against the Republican Party and its very existence it is doubtful if he will receive the support of any Progressive Republican. The wonder is that he has had the nerve to announce himself for a Republican nomination? Most Republicans feel that it is wronged to be Governor, he should have tried to [illegible] the goal by some other route than to become the party standard bearer of the big party of the nation which he has spent the greater part of his political life in trying to disrupt and destroy.

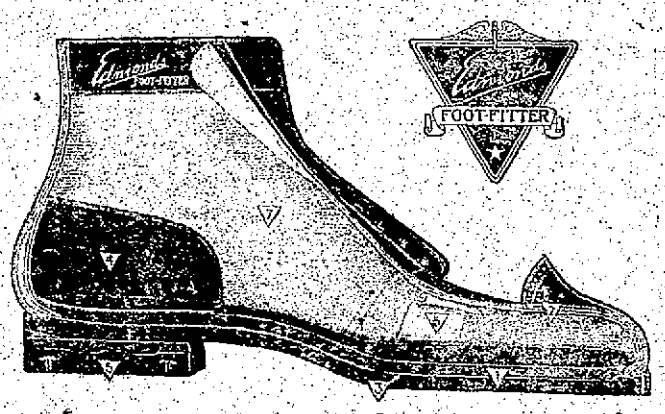
SHOE SENSE

GOOD SHOES are the cheapest in the long run, as they outwear poor shoes three pairs to one. We have handled shoes a good many years and know how to give our customers quality, style and comfort. Shoes here for the whole family and WE DO REPAIRING.

Anderson & Carlson THE SHOE MEN

"FOOT-FITTERS"



Seven Points of Supremacy

1. The sole leather used in "FOOT-FITTERS" is of the best quality obtainable. Even the insoles are cut from standard outsole leather.
2. "FOOT-FITTERS" are the only shoes in the world having full length vamps and sole leather box toes. This feature prevents ripping at the tip and makes a smooth outer and inner surface.
3. The insoles are shoulder channelled so that they fit tightly against the outsole. There is no need or room for a cork filler. A small piece of duck is used to prevent squeaking.
4. The Calfskin inside counter pocket is of great value, for it saves the wear on the socks. There is no rough surface to rub against.
5. "FOOT-FITTER" heels are ½ inch longer than generally used. They give additional support to the arch and increase the comfort and wear of the shoe.
6. The vamp is reenforced with 8-oz. duck. This absorbs the moisture from the foot, this keeps the vamp from cracking and holds the shoe in shape.
7. Edmonds' "FOOT-FITTER" shoes are called "FOOT-FITTERS" because they fit the foot snugly. Built on combination lasts they support the foot like a doctor's bandage.—"FOOT-FITTERS" give Comfort, Service and Appearance.

Can You Buy A Better Shoe At Any Price?

"FOOT-FITTERS" are the only mens shoes which have all of these features. If any other store claims a similarly made shoe, make them prove it by cutting a shoe in two so that you can see what is beneath the polished surface.

We guarantee "FOOT-FITTERS" to be made of solid leather all through. No paper fiber or substitutes are used

We have been appointed EXCLUSIVE AGENTS for these wonderful shoes.

You can see a cut open 'FOOT-FITTER' in our store Come in and let us show you dollar for dollar value in a shoe.

GOITRE SPECIALIST
DEAFNESS CURED

I take pleasure in recommending Dr. Brown to all persons who are deaf. I was completely discouraged, as I have been very deaf for ten years, gradually getting worse. All kinds of noises in my ears which kept me awake all night and could not hear well, and feel that the results of the treatment are wonderful. I am 75 years old.

HEART DISEASE.

I have been afflicted with valvular disease of the heart for 6 years, caused by Rheumatism, and I despaired and got no relief until I treated with Dr. Brown. I have taken his treatment, I am now well and strong, and feel like a new man. I now sleep well, and my catarrh of the stomach is also cured.

GUST A. ANDERSON.

CATARRH.

I had catarrh all through my system, in my stomach, head, nose and throat. Even my liver and kidneys were affected, and my bowels as well. I was nervous, tired easily, slept poorly and suffered from headaches, dizziness and constipation. I had irregular appetite, poor digestion and was troubled with pains in my stomach and back.

It was easy for me to take a bad cold and I was continually bothered with dryness in my throat and the hawking and spitting of mucus. Every morning I got up with a coated tongue, bad taste in my mouth and feeling anything but fit to do a good days work.

All of my old troubles have disappeared. The medicine helped me wonderful and I cannot begin to say enough in its favor.
